### The Peaceful Parent Institute offers parenting seminars in Early Childhood Centres

Below is a list of some of the seminars available...

- \* Discipline without Punishment
- \* Fostering attachment with babies and young children
- \* How to talk so kids will listen
- \* Sibling Rivalry – effective and constructive conflict resolution skills
- \* Therapeutic Play – understanding and supporting the child's emotional intelligence through play

**Seminars presented by ...** Genevieve Simperingham, co-founder of the Peaceful Parent Institute, Aware Parenting Instructor, Heart to Heart Facilitator and Beyond Consequences Instructor. Genevieve has presented seminars and facilitated groups for seventeen years.

**How it works ...** Your centre offers the seminar to your parents and hosts an educational, supportive and social evening for parents and teachers.

**What your centre gains ...** The opportunity to bring teachers and parents together, adding value and fostering your centre's culture of community, growth and support. The models presented offer a valuable training opportunity to educators, equipping them with extra skills that will increase their confidence and competence with children both in their work practice and at home as parents, so the more staff who attend the better.

**What the parents gain ...** A free seminar offered by their centre, a chance to meet and connect with other parents, whilst learning new tips and tools that will benefit their whole family.
